Retraction: Knockdown of Sox2 inhibits OS cells invasion and migration via modulating Wnt/ β-catenin signaling pathway

Pathology and Oncology Research Editorial Office*

A Retraction of the Original Research Article Knockdown of Sox2 inhibits OS cells invasion and migration via modulating Wnt/β-catenin signaling pathway

by Tang, L., Wang, D. and Gu, D (2018). *Pathol. Oncol. Res.* 24, 907–913 doi: 10.1007/s12253-018-0400-1

Following publication, the authors contacted the Editorial Office to request the retraction of the cited article, stating that improper cropping of experimental images in Figure 3A (control group). The findings/conclusions reported in the article are no longer supported by the analyses/data. An investigation was conducted in accordance with POR policies that confirmed this; therefore, the article has been retracted.

This retraction was approved by the Editor-in-Chief of Pathology & Oncology Research. The authors agree to this retraction.
